5. Contact person, electronic communication and documents

- 5.1 Upon request of a contracting party, each side will nominate one or more contact persons to receive information, explanations and enquiries regarding the fulfilment of the contract and exchange names and addresses. This information needs to be updated in case of changes. If either contracting party fails to provide details for a contact person, then the relevant signatory to the contract shall be the designated contact person. Information obligations, which exceeds the obligation in statutory provisions, for example measures of the Freight Forwarder in case of disruptions, in particular, an imminent delay during takeover or Delivery, obstacles to carriage and Delivery, damages to the goods or other disruptions (emergency concept) needs to be agreed separately.
- 5.2 In the absence of an expressly agreement, contractual statements by warehousing or transport personnel require approval from the respective party to be considered valid.
- 5.3 The Principal takes care of the required declarations to be supplied by the Principal's Shipper or Consignee during the fulfilment of the contract at the Place of Loading and Place of Delivery, and of real actions, such as Delivery and receipt of the goods.
- 5.4 If agreed between the Principal and the Freight Forwarder, the parties will transmit and receive the shipping details, including the creation of the invoice, by electronic means (electronic data interchange / remote transmission). The transmitting party carries the responsibility for the loss, completeness and validity of any sent data.
- 5.5 In case of an agreement according to clause 5.4 ADSp, the parties ensure that their IT system is ready for operation and that data can be processed appropriately, including the usual safety and control measures, to protect the electronic data exchange and prevent unauthorized access, modification, loss or destruction by third parties. All parties are obliged to give timely notification of any changes to their IT systems that could affect the electronic data interchange.

 - 6.2.2 ensuring that Packages, if required, cannot be accessed without leaving external traces.

7. Securing cargo and supervisory duties of the Freight Forwarder

The Freight Forwarder shall check completeness and identity of the goods, their apparent good order and condition as well as all seals and locks and record any irregularities in the accompanying documents or via separate notification.

8. Receipt

- 8.1 The Freight Forwarder shall issue a certificate of receipt with reservations noted, if necessary. In case of doubt, the certificate of receipt issued by the Freight Forwarder only confirms the number and type of Packages, but not their content, value, weight or other measurements.
- 8.2 Previously loaded or sealed loading units, such as containers or swap bodies and previously transmitted data, the accuracy of the certificate of receipt regarding quantity and type of loaded Packages is vitiated, if the Freight Forwarder notifies the Principal on differences (in quantity) or damages, immediately after unloading the loading unit.
- 8.3 The Freight Forwarder must request proof of Delivery from the Consignee in form of a Delivery receipt listing all Packages as outlined in the order or other accompanying documentation. Should the Consignee refuse to issue a Delivery receipt, the Freight Forwarder must request instructions from the Principal. The Principal can demand the Delivery receipt for a period of one year after the goods have been delivered.
- 8.4 As receipt for takeover or Delivery of the goods counts any signed document which gives evidence for fulfilment of the order, such as Delivery notes, forwarders certificate of receipt, consignment note, sea way bill, consignment bill or a bill of lading.
- 8.5 The certificate of receipt and Delivery receipt can also be issued electronically or digitally, unless the Principal requests the issuing of a consignment note, sea way bill, consignment bill or bill of lading.

9. Instructions

Upon conclusion of the contract, the Freight Forwarder must follow all instructions regarding the cargo, unless carrying out such instructions poses disadvantages to his business or damages to consignments of other Principals or Consignees. If the Freight Forwarder intends not to follow an instruction, then the Freight Forwarder shall inform the instructor immediately.

10. Freight payment, cash on Delivery

10.1 Notifications by the Principal to the effect that the order should be executed freight collect or for the account of the Consignee or a third party, for example according to Incoterms, do not exempt the Principal from his obligation to pay the Freight Forwarder its remuneration and outlays, including freights, customs charges and other expenses. Freight collect instructions, for example according to section 422 HGB, Article 21 CMR, remain unaffected.

11. Default of loading and delivery times, demurrage

- 11.1 In cases where the Principal must load or unload the Vehicle, the Principal has the obligation to do so within the agreed, otherwise within a reasonable loading and unloading time.
- 11.2 If, in case of carriage of goods by road, the parties agree on a Time Frame or Point of Time or is such notified by the Freight Forwarder without objection by the Principal, Shipper or Consignee, the loading and unloading time - irrespective of the number of shipments per Place of Loading and Discharge - for full truck loads, but with the exception for bulk goods, for Vehicles with 40 tons maximum permissible weight shall be maximum 2 hours for loading and unloading in general. The times shall be reduced appropriately for Vehicles with a lower maximum permissible weight in the individual case.
- 11.3 The loading or unloading time begins with the arrival of the road vehicle at the designated Place of Loading and Discharge (for example, by notifying the gate keeper), and ends when the Principal has completed all its duties. However, if a Time of Performance has been agreed for the arrival of road Vehicles at the Place of Loading and Discharge, the loading and unloading time does not begin before the agreed presentation time.
- 11.4 In cases where the contractually agreed loading and unloading time are not maintained due to reasons beyond the Freight Forwarder's scope of responsibility, the Principal must pay the Freight Forwarder the agreed, otherwise commonly accepted, demurrage fees.
- 11.5 The aforementioned provisions apply accordingly, when the Freight Forwarder is obliged to load and unload the goods, and when the Principal is exclusively committed to prepare the goods for loading or to accept them after unloading.

12. Performance hindrances and force majeure

- 12.1 If the Freight Forwarder is unable to take over the goods, or unable to take them over on time, the Freight Forwarder must immediately notify and seek instruction from the Principal. Section 419 HGB applies accordingly. The Principal remains entitled to terminate the Freight Forwarding Contract, whereas the Freight Forwarder is not entitled to ask for compensation according to section 415 (2) HGB.
- 12.2 Performance hindrances that do not fall within the scope of responsibility of either contracting party, free said parties of their performance duties for the duration of the hindrance and the extent of its impact. Such performance hindrances are defined as force majeure, civil unrest, war or acts of terrorism, strikes and lock-outs, transport route blockades, and any other unforeseeable, unavoidable and serious events. In case of a performance hindrance, the contracting parties are obliged to notify the other party immediately. Additionally, the Freight Forwarder is obliged to ask the Principal for instructions.

13. Delivery

- 13.1 If, after arrival at the Place of Discharge, it becomes apparent that the unloading cannot take place within the time of unloading, the Freight Forwarder must immediately notify the Principal and request for relevant instructions. Section 419 HGB applies accordingly.
- 13.2 If the Freight Forwarder cannot adhere to the agreed Time of Performance or - in the absence of an agreement - to a reasonable time for Delivery, the Freight Forwarder shall request instructions from the Principal or the Consignee.
- 13.3 In cases where the Consignee is absent at the designated home, business or shared location address and if the Consignee lives therein, the goods, always assuming there are no obvious doubts regarding the entitlement to receive the goods of the person in question, may be delivered to:
- 13.3.1 an adult family member; a family employee; or an adult with permanent residence at the designated home address,
- 13.3.2 an employee at the designated business location,
- 13.3.3 a manager or representative authorised to receive the goods at the designated shared location.
- 13.4 In cases where the Freight Forwarder and Principal have agreed on Delivery without the presentation to an actual person (for example, night, garage or assembly line deliveries), Delivery is deemed to have taken place on the actual physical deposit of the

goods at the agreed location.

- 13.5 The Delivery can only take place under supervision of the Principal, Consignee or a third party authorised for reception. Clauses 13.3 and 13.4 ADSp remain unaffected.

14. Information and restitution duties of the Freight Forwarder

- 14.1 The Freight Forwarder has the duty to supply the Principal with the required information and, upon request, with the status of the business as well as to demand accountability upon completion. Whenever warehousing takes place at third party warehouses, the Freight Forwarder must supply timely information regarding its name and location to the Principal or, whenever a warehouse warrant has been issued, to make a note of the information on the same.
- 15.3 The Freight Forwarder takes care for the duly maintenance and care of the warehouse and storage space, the drives on the premises and for securing the goods, in particular theft protection. - 15.8 Additional service and information obligations require an explicit agreement.

16. Remuneration

- 16.1 The services according to the Freight Forwarding Contract are compensated with the agreed remuneration, if this remuneration includes the costs for transportation and warehousing. 18. Invoices, foreign currencies

- 18.1 Remuneration claims of the Freight Forwarder require the reception of an invoice or payment schedule in accordance to statutory requirements. If not otherwise agreed, the maturity is not dependent on presenting a delivery receipt in case of an uncontested Delivery.

In case of Euro (EUR), currency conversion is made according to the official exchange rate on the day of payment, which shall be evidenced by the Freight Forwarder.

- 21.2 The Freight Forwarder shall arrange insurance for the goods, if this is in the interests of the Principal. The Freight Forwarder can assume that insurance is in the interests of the Principal, in particular when:

- 22.3 In case of inventory divergences, the Freight Forwarder is entitled to balance the inventory with positive stock balance differences and stock shortfall of the same Principal for value evaluation in cases as set out in clause 24 ADSp.
- 22.4 If the Freight Forwarder has claims, for which the Freight Forwarder is not liable for, against a third party in case of damages, or in cases when the Freight Forwarder has claims exceeding the sum for which the Freight Forwarder is liable, the Freight Forwarder must subrogate such claims to the Principal upon request, unless the Freight Forwarder has a separate agreement to pursue claims on behalf and at the expense of the Principal. sections 437, 509 HGB remain unaffected.
