

## Am Zehnhoff-Söns reporting: News from the Group.

## Dear Customers and business partners,

Bonn welcomes a new carrier: Spliethoff's Bevrachtingskantoor B.V.! The spliethoff group is a dutch fleet that was established in 1921 and together with their subsidiary they are the biggest ship owner in the netherlands. The fleet of the spliethoff group comprised more than 50 ships, from which all are equipped with cargo cranes, 1A ice class and they sail under the dutch flag.

The entire fleet of the spliethoff group consists of more than 100 multi-purpose vessels, heavy cargo vessels and RoRo-ships in a load capacity range up to 23.000 tonnes. Spliethoff is specialized in worldwide shipments of forest products, big project cargos and liner service, so we are especially looking forward to be able to provide container transports, professional storage and servicing of the containers as well as the complete range of services regarding depot maintenance in Bonn.

Do you have questions regarding our terminal in Bonn, depot maintenance or other topics relating to your logistic? Please feel free to contact us!

**With best regards**
